

Carbon Reduction Policy
Supplier Name: One Stop Pharmacy Ltd
Publication Date: 01//02/2023

One Stop Pharmacy Ltd (UK) is committed to achieving Net Zero emissions by 2030. This document has been generated using One Stop Pharmacy's Carbon Reduction Policy.

If we don't act now, there will be no future for our children to thrive in"

Introduction

At One Stop Pharmacy, we recognize that carbon emissions are contributing to climate change and have detrimental effects on the environment and public health. As a responsible Clinical Homecare business, we are committed to minimizing our carbon footprint and incorporating sustainable practices into our operations. This carbon reduction policy outlines our strategies and initiatives to reduce carbon emissions and promote sustainability within our organization.

One Stop Pharmacy Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline year emissions: 2022	
Emissions	Total (tCO ₂ e)
Scope 1	135.5
Scope 2	60.2
Scope 3 (Included Sources)	We're not yet conducted.
Total Emissions	195.7

Carbon Reduction initiatives

1. Energy Efficiency:
 - a) One Stop Pharmacy will Implement energy efficient lighting systems such as LED bulbs and motion sensors to reduce electricity consumption
 - b) We will regularly maintain and upgrade HVAC systems to optimize energy efficiency.
 - c) Encourage employees to power off equipment and devise when not In use.
 - d) Conduct regular energy audits to identify areas for improvement and track progress.

2. Waste Management:

- a) Adopt a comprehensive waste management system, including recycling, composting and proper disposal of hazardous waste materials. One Stop Pharmacy contract out the recycling of all card-board boxes used to B&M waste management services.
- b) Educate employees about waste reduction techniques and encourage them to follow recycling and waste management guidelines.
- c) Promote the use of reusable materials and minimize single use plastic in the workplace.
- d) Partner with Waste management organisations' that prioritise environmentally friendly practices.

3. Sustainable Product Procurement

- a) Collaborate with suppliers who prioritize sustainability and have eco-friendly processes in place. One of our main logistics suppliers is LNE&F logistics and they are also committed to achieving and reducing their carbon emissions.
- b) Prioritise the procurement of products with sustainable packaging and reduced carbon footprints.
- c) Incorporate green procurement policies that consider the environmental impact of products and encourage the use of recycled or eco-friendly alternatives.

4. Transport and logistics

- a) Encourage employees to use public transportation, carpool, or bike to work whenever possible.
- b) Optimise transportation routes to reduce fuel consumption and carbon emissions.
- c) Promote virtual meetings and telecommuting to minimise travel needs.
- d) Utilise fuel efficient and for delivery purposes or investigate the possibility of electric vehicles and or hybrid vehicles for delivery.

5. Employee Engagement and training

- a) Establish an internal committee to monitor and implement carbon reduction initiatives.
- b) Conduct regular training sessions to educate employees about carbon reduction strategies.
- c) Recognise and rewards employees who actively participate in and support our carbon reduction efforts.

6. Monitoring and reporting:

- a) One Stop Pharmacy will regularly monitor and measure energy consumption, waste generation and carbon emissions.
- b) We will set specific targets and timelines for carbon reduction, waste reduction and energy efficiency improvements.
- c) We will commit to publishing an annual sustainability report to communicate to stakeholders and trusts our progress and achievements to stakeholders.

Conclusion

By adopting this carbon reduction policy One Stop Pharmacy Ltd is committed to integrating sustainable practices into our business operations. Through this collective effort our employees, suppliers, and partners, we aim to reduce our carbon emissions, minimize waste generation, and promote a healthier environment for our community. By prioritising sustainability, we uphold our commitment to the wellbeing of our planet and contribute to a greener future for all.
